Fleas, Ticks and Parasites: All dogs and cats that play and board at J.M. Pet Resort must be flea, tick and parasite free. Thus, any pet that is seen with any of the fore-mentioned problems will be treated at the owner's expense.

_____ *Initial*

Injuries: The Staff at J.M. Pet Resort makes every effort to be certain that the dogs here are safe in playgroup. We require temperament tests and we match personalities, level of energy and ages in our groups. The playgroup attendants are skilled at watching body language and interrupting many times way before any problems ever occur. We employ time outs when need be and will sometimes have to pull dogs that are having a bad day all together. A doggie daycare is not unlike a child's daycare in that accidents do sometimes happen. (fall off of the slide, another child pokes another child in the eye etc.). Even with the utmost care and watchful eyes dogs can sometimes nip or bite or scratch as they play with their mouths and paws. So what happens when an injury occurs? Each owner is responsible for his or her own dog. Of course, we do EVERYTHING we do to avoid problems but they are all here to have fun, wrestle and run around and sometimes play gets out of hand. We feel that the benefits of exercising and socializing your dogs way outweigh the drawbacks of the occasional scratch or bite that may occur. This is much like the occasional knee skinning from rollerblading with a child or raspberry from sliding into home plate. It's all in good FUN.
